

Is the Time Right?

Are You Getting the Most Value from Your Investment?

- Did you know premier support for EnterpriseOne versions 8.9, 8.10 and 8.11 is running out?
- Do you understand Oracle's direction with the EnterpriseOne product suite?
- Do you know how to leverage Oracle's Global Support effectively?
- Are you taking advantage of all the functionality you currently own?
- Do you have your business processes documented?
- Are you leveraging the business intelligence capabilities of EnterpriseOne?
- Are you aware of the new features and functionality available in the latest release of EnterpriseOne?
- Do you know the level of effort required for an upgrade and will your existing infrastructure support it?
- Did you know that virtualization is an option to support your technology platform?

Terillium's Assessment Covers:

- Oracle License Review
- Infrastructure Review
- New Functionality Overview
- Issues Review and Recommendations
- Business Case
- Data Review
- Modification and Reporting
- Resource Assessment
- Upgrade Estimate

- When it came time to upgrade, Terillium's methodology and approach allowed us to take full advantage of new features and functionality within the latest release of JD Edwards, while ensuring our team had the knowledge to support it. I can confidently recommend Terillium, a true partner who adds tremendous value to our organization.

– Ron Frissora, CIO
M/I Homes

Terillium's JD Edwards Assessment is the answer!

Terillium understands how important your EnterpriseOne solution is to the success of your business. Maximizing the value of the system by leveraging existing functionality is one of the fastest and simplest ways to recover your investment. Over time, more and more businesses are changing the way they manage their enterprise — from business process improvements to change management to customer service. Knowing how to adapt your business applications to match your current requirements is where Terillium can help. Terillium has been a trusted Oracle partner for over 15 years. Our experience working with customers just like you allows us to find opportunities in your current system as well as provide you with the proper knowledge to make an educated decision for upgrading. Our EnterpriseOne Assessment is the first step toward maximizing your investment in EnterpriseOne.
