

# Is the Time Right?

## Are You Getting the Most Value from Your Investment?

- Did you know that JD Edwards version A9.2 is now Available?
- Did you know that you can upgrade from Version A7.3 directly to Version A9.2?
- Are you considering a migration to JD Edwards EnterpriseOne?
- Do you understand Oracle's Statement of Direction for the AS400 JD Edwards World product suite?
- Do you know how to leverage Oracle's Global Support effectively?
- Are you taking advantage of all the functionality that you currently own?
- Do you have your business processes documented?
- Are you leveraging the complementary products that are available with JD Edwards?
- Are you aware of the new features and functionality in the latest release of JD Edwards Applications
- Do you know the level of effort required to upgrade or migrate and will your existing infrastructure support it?

### Terillium's Assessment Covers:

- Oracle License Review
- Infrastructure Review
- New Functionality Overview
- Issues Review and Recommendations
- Business Case
- Data Review
- Modification and Reporting
- Resource Assessment
- Upgrade Estimate

- When it came time to upgrade, Terillium's methodology and approach allowed us to take full advantage of new features and functionality within the latest release of JD Edwards, while ensuring our team had the knowledge to support it. I can confidently recommend Terillium, a true partner who adds tremendous value to our organization.

– Ron Frissora, CIO  
M/I Homes

## Terillium's JD Edwards World Assessment is the answer!

Terillium understands how important your JD Edwards World solution is to the success of your business. Maximizing the value of the system by leveraging existing functionality is one of the fastest and simplest ways to recover your investment. Over time, more and more businesses are changing the way they manage their enterprise – from business process improvements to change management to customer service. Knowing how to adapt your business applications to match your current requirements is where Terillium can help. Terillium has been a trusted Oracle partner for over 15 years. Our experience working with customers like you allows us to find opportunities in your current system as well as provide you with the proper knowledge to make an educated decision for upgrading. Our JD Edwards World Assessment is the first step towards maximizing your investment in the AS400 and in JD Edwards World software.
